

## European Hydrogen Energy Conference 2022

18th – 20th May 2022

Duques de Pastrana Complex  
(P.º de la Habana, 208, 28016, Madrid)

### Guidelines for Poster Presenters

#### Your poster

- Poster orientation: PORTRAIT. Poster measurements: Width: 90 cm. Height: 146 cm.
- Authors are responsible for bringing and placing their printed posters to the event.
- Poster layout design: Title, authors, and affiliation; Purpose or Objectives or Introduction; Methods; Results or Findings; Discussion; Summary or Conclusions; Acknowledgments.
- Use bold typefaces to emphasize the title of the poster to enable a legible reading from a distance of 2–3 meters.
- Use charts, pictures, and photographs to portray information and make the poster more attractive to readers.
- Handouts can be distributed to provide extra information to delegates and promote your work.

#### Arriving to the Venue

- We strongly encourage presenters to mount their posters as soon as they register. Material to affix the posters to the poster wall will be provided.
- Posters will be on display at EHEC 2022 from Wednesday 18th in the morning and should be removed no later than Friday 20th in the morning.
- Posters have been identified by a specific code (different from the abstract code) which can be found in the program of the conference. This Poster Code will be indicated on each poster wall.

#### Poster sessions

- Posters with even numbers will be presented on Wed 18<sup>th</sup> 10:00-10:30 and Thu 19<sup>th</sup> 17:00-17:30
- Posters with odd numbers will be presented on Wed 18<sup>th</sup> 17:30-18:00 and Thu 19<sup>th</sup> 11:00-11:30
- At those times poster authors are requested to stand close to their posters to explain their communication.
- If you would like to present at another time in addition to those assigned to your poster by number please do so, but be mindful of neighbouring presenters.
